

Ravindu Chandeepe

Full-Stack Software Developer

Profile Info

A highly motivated and ambitious Full-Stack Software Developer and Tech Lead with a strong drive for professional growth and innovation. Possesses a versatile foundation in full-stack development, cloud databases, and multi-agent AI systems. Proven ability to manage the entire project lifecycle –from initial client consultation and requirement analysis to final quality assurance and deployment. Passionate about leveraging cutting-edge technologies like AI frameworks and modern frontend ecosystems to build smart, scalable, and highly efficient enterprise solutions.

Personal Details

Full Name

Abeysekara Ravindu
Chandeepe

Phone

+94782509946

Email

infor.abeysekara@gmail.com

Address

No.615, Yaya 01, Sooriyawewa.
